📍 Microsoft Research, VIGYAN, Lavelle Road, Bangalore, KA, India 560001

Education

December 2018 | Birla Institute of Technology and Science Pilani, Goa, India
August 2015 | Bachelor of Engineering (Hons.), Electronics & Instrumentation

Experience

Present | Microsoft Research, Bangalore, India | Multilingual Systems
July 2019 | AI Center Fellow | Advisors: Kalika Bali, Monojit Choudhury
Working in the intersection of NLP and ICTD, developing technologies for low-resource languages.

January 2019 | Research Intern | Advisors: Kalika Bali, Monojit Choudhury, Sandipan Dandapat
Developed an interactive machine translation interface on top of state-of-the-art transformer model to be used by StoryWeaver for faster turnaround of document translations. [Video]

December 2018 | Carnegie Mellon University, Pittsburgh, USA
July 2018 | Research Intern (Senior Thesis) | Advisor: David Touretzky
Worked on real-time obstacle avoidance and doorway navigation using a monocular camera on a low-computational robot like Anki Cozmo. [Video]

June 2018 | University College London, London, UK | Web Intelligence Group
May 2018 | Summer Research Intern | Advisors: Emine Yilmaz, Rishabh Mehrotra
Worked on Task-based Information Retrieval, specifically on recommendation by leveraging external ontology. Used the principles of Bayesian Rose Trees and Distance Dependent Chinese Restaurant Process to design a dynamically enriched ontology. [UserContext]

August 2018 | NumFOCUS | Julia Computing
May 2018 | Google Summer of Code 2018 | Mentor: Lyndon White
Added data repository support to DataDepsGenerators.jl, which in turn creates registration blocks for DataDeps.jl. DataDeps.jl helps in downloading scientific data with ease. Talk on this work delivered at PyData New York City 2018.

August 2017 | Mozilla | Bugzilla
May 2017 | Google Summer of Code 2017 | Mentor: Dylan Hardison
Revamped the existing bug filing interface (enter_bug.cgi) into a single page reducing the multi-hop db access and unnecessary template rendering. This enhanced the speed and performance in bug filing.

Publications

The State and Fate of Linguistic Diversity and Inclusion in the NLP World
Pratik Joshi*, Sebastin Santy*, Amar Budhiraja*, Kalika Bali, Monojit Choudhury
ACL'20 | Annual Conference of the Association for Computational Linguistics

Learnings from Technological Interventions in a Low Resource Language: A Case-Study on Gondi
Devansh Mehta*, Sebastin Santy*, Ramaravind Mothilal, Brij Mohan Lal Srivastava, Alok Sharma, Anurag Shukla, Vishnu Prasad, Venkanna U, Amit Sharma and Kalika Bali
LREC'20 | International Conference on Language Resources and Evaluation

Deploying Language Technologies for Underserved Communities [Invited]
Kalika Bali, Monojit Choudhury, Sunayana Sitaram, Sebastin Santy
LT4All | UNESCO International Conference on Language Technologies for All

Unsung Challenges of Building and Deploying Language Technologies for Low Resource Language Communities
Pratik Joshi, Christain Barnes, Sebastin Santy, Simran Khanuja, Sanket Shah, Anirudh Srinivasan, Satwik Bhat-tamishra, Sunayana Sitaram, Monojit Choudhury and Kalika Bali
ICON'19 | International Conference on Natural Language Processing

CoSSAT: Code-Switched Speech Annotation Tool
Sanket Shah, Pratik Joshi, Sebastin Santy, Sunayana Sitaram
AnnoNLP@EMNLP'19 | Workshop on Aggregating and Analysing Crowdsourced Annotations for NLP

INMT: Interactive Neural Machine Translation

Sebastin Santy, Sandipan Dandapat, Monojit Choudhury, Kalika Bali
EMNLP'19 Demo | Conference on Empirical Methods in Natural Language Processing

Towards Task Understanding in Visual Settings

Sebastin Santy, Wazeer Zulfikar, Rishabh Mehrotra, Emine Yilmaz.
AAAI'19 Student Abstract | AAAI Conference on Artificial Intelligence

DataDepsGenerators.jl: Automatic generation of DataDeps.jl registration code

Lyndon White, Sebastin Santy
JOSS'18 | Journal for Open Source Software

BITS Darshini: A Modular, Concurrent Protocol Analyzer Workbench

Prasad Talasila, Mihir Kakrambe, Anurag Rai, Sebastin Santy, Neena Goveas, Bharat Deshpande
ICDCN'18 | International Conference on Distributed Computing and Networking

Other Selected Projects

Analytics Sensor Test-Kit for Advanced Process Control

NOV'17 - MAY'18

Internet of Things with Nitin Sharma | Bill & Melinda Gates Foundation

- > Designed a proof-of-concept IoT scalable interface to gather data from sensors installed at the waste water treatment site. This work was in collaboration with Ohio University, Cranfield University, and Caltech.

REST API: Custom Forms & GraphQL replacement

DEC'16 - MAR'17

With Dylan Hardison, Cameron Dawson & William Lachance (Mozilla)

- > Made a custom form example application which uses REST API alongwith auth delegation callbacks to file the application as bugs on bugzilla.mozilla.org. This is to track the data generated through forms as bugs.
- > Responsible for introducing the integration of GraphQL based APIs on Mozilla's automation tool, Treeherder. GraphQL queries only the required variables from the database, which improves the efficiency drastically.

AutolabCLI: Command Line Interface for AutolabJS

AUG'16 - DEC'16

CLI Application with Prasad Talasila

- > Developed a CLI for AutolabJS which helps in committing the code to local gitlab server, submitting the code from gitlab server to the evaluation nodes and retrieving the results using a socket connection.
- > Published on npm and currently in use for programming labs at the university.

Talks and Conferences

PyData New York City

NEW YORK, NY, USA, OCT'18

Delivered a talk. Audience: Data Scientists

Invited to give a talk at PyData New York City 2018 on "Repeatable Data Setup for Repeatable Science" which was based on my Google Summer of Code work with Julia Computing.

Mozilla All-Hands (Group Meeting)

AUSTIN, TX, USA, DEC'17

Attended (Invite Only). Audience: Mozilla Employees

Invited to attend Mozilla's conference held at Austin, Texas. Discussion on future plans of Bugzilla, its modernization, and chalking out the milestone for the year of 2018.

Recent Advances in Computer Vision and Deep Learning

IIIT HYDERABAD, JULY'17

Attended. Audience: Academia and Industrial Researchers

Sessions taken by researchers from DeepMind, Facebook AI Research, Oxford VGG, INRIA, IITs. Various recent topics in Computer Vision and Deep Learning research were discussed.

Open Source

- > Contributed to Firefox with a globally distributed workforce of Mozilla's engineers.
- > Member and Reviewer for Mozilla B-Team, which handles Bugzilla and its operations.
- > Managed AutolabJS (programming labs autograder) Github Organisation.
- > Actively contributed to scikit-learn, a python-based Machine Learning library, for a period of two months.

Teaching and Leadership Roles

| | |
|--------------------------------|--|
| Present August 2016 | Open Source Development Founding Member It is an initiative to foster the open source culture and innovation at BITS Goa. Hosted several informative and technical sessions. Also responsible for making Student Welfare Division software. |
| May 2018 Jan 2018 | Computer Programming Course Teaching Assistant Responsibilities included evaluating labs, and helping students with the course in general. |
| December 2017 August 2017 | Introduction to Programming Co-Instructor Introduced students to multiple programming paradigms, object oriented concepts and functional programming using the language Python. |
| December 2017 December 2015 | Waves, Quark, BITSMUN Lead Developer Responsible for building and maintaining the websites of Waves (cultural fest), Quark (technical fest), BITS Model UN of BITS Pilani Goa. |

Relevant Coursework

Computer Vision (16720B @CMU)*, Machine Learning, Data Mining, Symbolic Logic, Microprocessors and Interfacing, Digital Design, Signals & Systems, Computer Architecture, Neural Networks and Fuzzy Logic, Data Communication and Networks, Control Systems. (* = Auditing)

Honours and Awards

| | |
|--|-----------------|
| Iken Scientifica, 2009 Student Icon of India As a part of the winning team, got an opportunity to have a tête-à-tête with the former President of India, His Excellency, Dr. APJ Abdul Kalam. Entire show was aired on The National Geographic Channel and was supported by the Ministry of Science And Technology, Govt. Of India. | IIT BOMBAY, '09 |
| International Computer Fair And Seminar Runner's Up Runner's up in the web design and implementation round at International Computer Fair and Seminar | LUCKNOW, '12 |
| National Standard Examination in Chemistry, 2015 State Topper Secured a State Top 1% in NSEC, the prelims to International Chemistry Olympiad | TIFR, '15 |

Skills

| | |
|--------------------------|--|
| Languages | Python, JS(Node), Julia, Perl, C, C++, SQL, VB.NET |
| Frameworks | OpenCV, Django, Flask, ExpressJS, ReactJS |
| Technologies | Heroku, AWS EC2, Travis CI, Docker, Vagrant, Grunt, GraphQL, PyTorch, L ^A T _E X, Git, Auto-CAD |
| Operating Systems | Ubuntu, CentOS, macOS, Windows |
| Spoken Languages | English, Hindi, Malayalam, Gujarati |
